

## Paul Merklein draws Great Big Faces

---

Dear Paul,

Thank you very much for making our Summer Reading Program a success. We truly appreciate you sharing your artistic talents with the families of our community.

You have so much fun entertaining the audience. The faces you drew and the audience participation simply added to the fun.

The attendance was great, and the enthusiasm and enjoyment were huge. People said how much they enjoyed watching you draw great big faces.

I give you 5 stars, and as one person said, "It was amazing! He made drawing faces look so easy!"

Thank you again!

Sincerely,

(signed)
